THE HOTEL / DINE / RELAX

A private island escape, Kawau Beach House is a boutique lodge nestled on the edge of the crystal-clear waters of Vivian Bay with a backdrop of native bush. We offer deluxe beachfront suites, plus courtyard and bush accommodation in a quintessential natural New Zealand setting. Kick off your shoes and feel the sand between your toes – time to relax and unwind.

The fully licensed restaurant and bar is the heart of The Beach House, and now under the management of Chris and Camila. Camila is a professional chef and takes great pride in providing the best of New Zealand cuisine. Enjoy a gourmet breakfast included in your rate. Lunch is a casual affair with a a la carte menu or choice of platters. Look forward to a 3-course a-la-carte dinner created from the freshest seasonal ingredients and the menu changes regularly.

The sitting room and dining room have sea views from every window in an intimate stylish setting. In winter a roaring open fire entices guests to relax, and in summer the large decks and courtyard extend down to the sandy beach, framed by an historic Pohutukawa tree, provide relaxed al-fresco dining and romance

Watch the sun go down, enjoy the stunning sunset and marvel as the skies open up to showcase the stars. No light pollution, no roads, no cars – the only sounds outside are from the lapping water and native birds. The Beach House is home to unique native bush and birds. Hear the calls of tui, fantails, wood pigeons, and as night falls, the sound of moreporks (owls), blue penguin and kiwi. The friendly weka will entertain you as they forage near the beach.

Italians have a wonderful expression “la dolce fa niente” which translates as “the sweetness of doing nothing” and this may well be the most wonderful attraction at The Beach House. Hospitality, food, wine, a good book – the essential ingredients for a relaxing stay whether you’re curled up in front of the fire in winter or stretched out on a sun-lounger in the summer.

For those a bit more active, we can point you in the right direction to take a beach walk or a more energetic bush hike. In the warmer months, the beach will draw you down to the water for swimming and snorkelling at any time of the tide. At virtually any time of the year for the more adventurous, we offer kayaks and SUP’s for a paddle around the sheltered bay. Don’t be surprised to find yourself sharing the pristine waters with frolicking dolphins. “Island Hop” and Gulf eco adventures around Little barrier island can also be arranged.

The Beach House offers exclusive accommodation and a unique experience like no other.
